Based on the NCERT Mathematics Curriculum (*Ganita Prakash*, Parts 1
& 2)

A practice resource for

Government Schools
NGO Distribution Programmes
Underprivileged and Self-Learning Students
Classroom and Remedial Practice
Low-Resource Learning Environments

Sixteen Chapter-wise Worksheets

Worked Examples • 20 Practice Questions per Worksheet • Answer
Key

Prepared for free, non-commercial educational use.

June 18, 2026

Copyright-Free Educational Use Note

This worksheet book has been prepared as an original educational resource, based on the topics and learning areas of the NCERT Grade 7 Mathematics curriculum (*Ganita Prakash*, Parts 1 and 2). All worked examples, practice questions, reflection questions and real-life application questions in this book are newly written and are not reproduced from any copyrighted textbook, answer key or third-party publication.

This book may be freely printed, photocopied and distributed for non-commercial educational purposes – including use in government schools, by NGOs, in remedial and self-learning programmes, and in low-resource classrooms – so that no learner is denied access to practice material because of cost.

This resource is intended to supplement, not replace, the official NCERT textbook, which remains the primary source for classroom teaching.
